

Škoda Enyaq Product Guide

November 2024

SKODA

Enyaq: Range

| Model Code | Model Description | Battery | Power (kW)** | Range WLTP (km) | Consumption WLTP (Wh/km) | Annual Road Tax | RRP From | VRT Rebate Up To* | SEAI Grant Up To* | Dealer Delivery Up To | ROTR price From |
|------------|-------------------|---------|--------------|-----------------|--------------------------|-----------------|----------|-------------------|-------------------|-----------------------|-----------------|
| 5AZJK2 | 85+ | 77 kWh | 210 | 569 | 156.1 | €120 | €52,500 | €850 | €3,500 | €750 | €48,900 |
| 5AZQK2 | 85 Sportline+ | 77 kWh | 210 | 567 | 156.6 | €120 | €57,750 | €0 | €3,500 | €750 | €55,000 |

*Please note the VRT rebate & SEAI grant may change as a result of your final vehicle configuration.

**Maximum electrical output of 250kW and 210kW (85x & 85x Sportline) can be accessed for a maximum of 10 seconds, calculated in accordance with UN GTR.21. The amount of power available in individual driving situations depends on various factors, such as ambient temperature and the charge status, temperature and condition or physical age of the high-voltage battery. The availability of the maximum power requires the high-voltage battery to be between 23°C and 50°C and have a charge level of > 88%. Deviations from the aforementioned parameters in particular may lead to a reduction in power, through to the complete unavailability of the maximum power. To maintain the high-voltage battery's usable capacity as effectively as possible, a battery charging target of 80% is recommended if the vehicle is used daily (to be switched to 100% prior to long-distance journeys for example). With other engine-battery variants, the availability of the maximum electrical output could be limited. The amount of power available in individual driving situations depends on various factors, such as ambient temperature and the charge status, temperature and condition or physical age of the high-voltage battery.

ROTR = Recommended On the Road Price. All prices are recommended by Škoda Ireland and are inclusive of VAT. Available state subsidies for private customers comprise of VRT rebate and SEAI (Sustainable Energy Authority of Ireland) grant, subject to approval. Business/Commercial Buyers state subsidies comprise of VRT rebate only, subject to approval.

Škoda Ireland reserves the right to alter pricing and specification without notice. Škoda Ireland has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions. The specified power consumption values are the official figures obtained in accordance with Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (Wh/km) are correct at the time of print. The above values reflect the worldwide standard vehicle range excluding additional equipment such as optional extras and accessories which may have an effect on the power consumption (Wh/km). You can discover more about the WLTP at www.skoda-auto.com/services/wltp.

Enyaq 85+: Key equipment

SAFETY

| |
|--|
| Side Assist – blind spot monitoring system |
| Crew protect assist |
| Adaptive lane assist incl. emergency assist |
| iSOFIX child seat anchor points |
| Anti theft alarm |
| Turn assist |
| Tyre pressure monitoring system |
| Front side airbags with curtain airbag |
| Rear side airbag |
| Front assist: Forward collision warning incl. emergency brake & pedestrian recognition |
| Driver & front passenger airbags incl. passenger airbag deactivation |

FUNCTIONAL

| |
|---|
| Climatronic 3-zone air conditioning |
| Adaptive cruise control incl. traffic jam assist |
| Kessy Full – keyless entry/go system |
| Front & Rear parking sensors |
| Rear view camera |
| Drive mode select |
| Virtual pedal – electric tailgate |
| Power folding exterior mirrors |
| Automatic rain & light sensors |
| Auto-dimming rear view mirror |
| Wireless charging pad (subject to device compatibility) |
| Infotainment pack: |
| ▪ 13" touchscreen display |
| ▪ Navigation system |
| ▪ Bluetooth & Voice control |
| ▪ Smartlink (Apple Carplay / Android Auto) |
| ▪ 2x USB-C ports & 8 speakers |
| ▪ DAB – Digital radio reception |
| ▪ Infotainment Online (3 years subscription) |
| ▪ Remote access (3 years subscription) |

INTERIOR

| |
|--|
| Heated front seats |
| Suite leather upholstery |
| Front centre armrest |
| Split folding rear seats incl. rear centre armrest |
| Front & rear floor mats |
| Storage compartment in boot |
| Leather heated steering wheel (2-spoke) incl. paddles |
| Electric driver seat incl. electric lumbar & memory function |
| LED interior pack: |
| ▪ LED ambient lighting |
| ▪ LED footwell lights |
| ▪ 'Welcome' logo projection |

EXTERIOR

| |
|--|
| 20" 'Neptune' alloy wheels |
| Matrix LED headlights |
| LED tail lights incl. dynamic indicators |
| 'SUNSET' dark tinted privacy glass |
| Chrome window surrounds |
| Chrome roof rails |
| Radiator grille with chrome surround |

| 3CX | Net partition | €220 | €220 |
| 1M6 | Tow bar - electrically retractable | €1,084 | €1,084 |
| PHC | Heat pump | €1,206 | €1,206 |
| PKP | Transport pack: <ul style="list-style-type: none"> ▪ Luggage nets & charging cable bag ▪ Mechanical rear seat release & variable boot floor | €414 | €414 |

Option prices quoted are for reference only and are subject to change depending on VRT band applicable – please contact your local Škoda dealer for more information.

Enyaq: Exterior Colours

Energy Blue (K4K4 – Solid)

Moon White (2Y2Y – Metallic)

Brilliant Silver (8E8E – Metallic)

Black Magic (1Z1Z – Metallic)

Graphite Grey (5X5X – Metallic)

Race Blue (8X8X – Metallic)

Velvet Red (K1K1 – Exclusive)

Phoenix Orange (2X2X – Exclusive)

| DESCRIPTION | 85+ | 85 Sportline+ |
|--|--------|---------------|
| Solid: Energy Blue | €0 | €0 |
| Metallic | €776 | €776 |
| Exclusive: Velvet Red & Phoenix Orange | €1,137 | €1,137 |

Option prices quoted are for reference only and are subject to change depending on VRT band applicable – please contact your local Škoda dealer for more information. All the colour images on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Škoda Ireland cannot guarantee that colours shown are 100% accurate. Please contact your local Škoda dealer for more information.

Battery & Charging

An electric vehicle's power is not determined solely by the power of the electric motor itself, but also by the power that the battery is able to deliver. As such, the value cited for the car's power is determined by the entire drive system.

| Battery | Capacity | DC charging power | System output* |
|---------|----------|-------------------|----------------|
| 77 kWh | 234 Ah | 175 kW | 210 kW |

*The availability of the maximum electrical output could be limited. The amount of power available in individual driving situations depends on various factors, such as ambient temperature and the charge status, temperature and condition or physical age of the high-voltage battery.

Electric vehicles can be charged at public charging stations much like you would refuel a normal car at a petrol station. These charging stations are powerful so they can recharge vehicles' batteries rapidly. Most users, however, will generally use a home charger – a Wallbox – or an ordinary power socket. This charging takes longer, but hooking up to the grid is an automatic process and you can charge the batteries overnight, or at any time you are not using the car, without having to be present.

| Source | Charging | 85 | Cable |
|-------------------|--|-------------------------|-----------------------------------|
| Home socket | Charging power Charging time (0-100%) | Max 2.3 kW >24 hours | Mode 2 |
| Wallbox (3-phase) | Charging power Charging time (0-100%) | Max 11 kW 8 hours | Mode 3 |
| Wallbox (1-phase) | Charging power Charging time (0-100%) | Max 7.2 kW 13 hours | Mode 3 |
| DC fast charger | Charging power Charging time (10-80%) | Max 175 kW 28 mins | Mode 4 – part of charging station |

• All charge times are average and can vary depending on certain conditions, such as temperature and power supply available.

SKODA

Enyaq: Tyre & Maintenance Plan: €1,250 optional addition

The new Škoda Enyaq uses the latest materials and technologies that requires expert skills and knowledge when it comes to maintenance and care. For your convenience we have compiled a Tyre & Maintenance Plan as part of the vehicle delivery charge to provide up to 39% savings when compared to purchasing the services and components separately. See below for what is included in the Enyaq Tyre & Maintenance Plan.

3 Pin Home Charging Cable

Is essential when charging away from home or when public charging points cannot be accessed.

Routine Inspection 1 & 2 comprises of Electronic Health Checks to ensure your vehicle is free from faults and functioning correctly.

Service Interval Maintenance

High voltage component checks, Brake Fluid Change, Pollen Filter Replacement and a Coolant refill are the main tasks carried out by technicians during this service.

4 Low Rolling Resistance Tyres

provide better battery range and low cabin noise levels. They are likely to be the most expensive operating cost you will experience during the lifetime of the vehicle.

Brake Pads may require replacement during the Service Interval or if the vehicle signals the driver on the infotainment display.

Wiper Blades ensure maximum visibility and safety. A set of wiper blades is included in the Tyre & Maintenance Plan.

Tyre and Maintenance Plan Summary: Replacement Tyres - As required €1,240, Mode 2 Charging Cable for backup/domestic charging (supplied at delivery) -€274, Inspection 1 & 2 - Electronic Vehicle Health Check, Functionality and Fault Assessment -€70, Routine Service Maintenance - High Voltage Component Check, Running Gear Assessment, High Voltage Battery Status, Brake Fluid Change, Pollen Filter Replacement, Top-up Cooling System Levels- €209, Brake Pad Replacement - As required-€175, Wiper Blade Replacement - As required -€96. Total value if purchased separately €2,064. As part of Tyre and Maintenance Plan €1,250 (saving of 39%). Price based on component recommended retail price and average dealer labour rates. Tyre prices are based on 21" Self Sealing Technology. Please discuss your Tyre & Maintenance Plan requirements with your local ŠKODA Dealer.

Enyaq: Technical Data

| | 85+ | 85 Sportline+ |
