* Please note the VRT rebate will change as a result of your final vehicle configuration.

ROTR = Recommended On the Road Price. All prices are recommended by ŠKODA Ireland and are inclusive of VAT. Available state subsidies for private customers comprise of VRT rebate and SEAI (Sustainable Energy Authority of Ireland) grant, subject to approval. Business/Commercial Buyers state subsidies comprise of VRT rebate only, subject to approval.

ŠKODA Ireland reserves the right to alter pricing and specification without notice. ŠKODA Ireland has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions. The specified power consumption values are the official figures obtained in accordance with Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (Wh/km) are correct at the time of print. The above values reflect the worldwide standard vehicle range excluding additional equipment such as optional extras and accessories which may have an effect on the power consumption (Wh/km). You can discover more about the WLTP at www.skoda-auto.com/services/wltp.

ENYAQ IV 60: KEY EQUIPMENT

SAFETY

Driver & front passenger airbags incl. passenger airbag deactivation

Front side airbags w/ curtain airbag

Lane assist

iSOFIX child seat anchor points

Seat belt warning system

Hill hold control

eCall emergency system

Turn assist

Front assist: Forward collision warning incl. emergency brake & pedestrian recognition

Tyre pressure monitoring system

FUNCTIONAL

Climatronic dual-zone air conditioning

Cruise control incl. speed limiter

Kessy Go – Keyless start/stop

Rear parking sensors

Power folding exterior mirrors

Automatic rain & light sensors

Auto-dimming rear view mirror

Front & rear electric windows

Mode-3 cable; 7.2kW AC (Wallbox/public charging)

Up to 100kW DC charging capability

Infotainment pack:

- 13" touchscreen display
- Navigation system
- Bluetooth & Voice control
- Smartlink (Apple Carplay / Android Auto)
- 2x USB-C ports & 8 speakers
- DAB – Digital radio reception
- Infotainment Online (3 year subscription)

EXTERIOR

19" 'Proteus' alloy wheels

LED headlights

LED daytime running lights

LED tail lights

Black window surrounds

Black roof rails

Radiator grille w/ chrome surround

INTERIOR

Black/Grey 'Loft' fabric & leatherette upholstery

Front centre armrest

Leather multi-function steering wheel

Front seats incl. height adjust (Manual)

Front seats incl. lumbar support (Manual)

Split folding rear seats incl. rear centre armrest

Front & rear floor mats

Storage compartment in boot

LED interior pack:

- LED ambient lighting
- LED footwell lights
- 'Welcome' logo projection

ŠKODA

ENYAQ IV 80 & 80X: KEY EQUIPMENT

The ENYAQ iV 80 & 80X offer additional equipment & increased driving range. Key equipment includes:

19" 'Proteus' alloy wheels

Up to 125kW DC charging capability

Parking pack:

- Rear view camera
- Front & rear parking sensors

Chrome pack:

- Chrome window surrounds
- Chrome roof rails

Drive pack:

- Leather heated steering wheel (2-spoke)
- Steering wheel controls for energy recuperation
- Drive mode select

Infotainment pack:

- 13" touchscreen display
- Navigation system
- Bluetooth & Voice control
- Smartlink (Apple Carplay / Android Auto)
- 2x USB-C ports & 8 speakers
- DAB – Digital radio reception
- Infotainment Online (3 year subscription)

ENYAQ IV SPORTLINE: KEY EQUIPMENT

The ENYAQ SPORTLINE offers exclusive features & can be equipped to the IV 60, IV 80 and IV 80X. Key additional / replacement equipment includes:

20" 'Vega' anthracite alloy wheels incl. sports suspension

Light & View pack:

- Matrix LED headlights incl. headlight washers
- LED tail lights incl. dynamic indicators

SPORTLINE exterior styling pack:

- Front & rear sport bumpers
- Black roof rails
- Black window surrounds & front grille surround
- Black ŠKODA lettering
- Body coloured door sills

Convenience pack:

- Kessy Full - Keyless entry/go system
- 'SUNSET' dark tinted privacy glass
- Acoustic side windows
- Driver alert
- Wireless charging pad (subject to device compatibility)

SPORTLINE interior styling pack:

- Leather & Suedia upholstery
- Front sport seats
- Dark interior headliner
- Leatherette wrapped dashboard incl. Silver stitching
- Carbon/Black decorative inserts
- Aluminium sport pedals

Drive sport pack:

- Leather heated sports steering wheel (3-spoke)
- Steering wheel controls for energy recuperation
- Drive mode select
- Progressive steering

BATTERY & CHARGING

An electric vehicle's power is not determined solely by the power of the electric motor itself, but also by the power that the battery is able to deliver. As such, the value cited for the car's power is determined by the entire drive system.

Battery	Number of modules*	Weight	Capacity	DC charging power	DC charging power	System output
58 kWh	9	376 kg	156 Ah	50 kW	100 kW	132 kW
77 kWh	12	493 kg	234 Ah	50 kW	125 kW	150 kW

* One module has 24 battery cells.

Electric vehicles can be charged at public charging stations much like you would refuel a normal car at a petrol station. These charging stations are powerful so they can recharge vehicles' batteries rapidly. Most users, however, will generally use a home charger – a Wallbox – or an ordinary power socket. This charging takes longer, but hooking up to the grid is an automatic process and you can charge the batteries overnight, or at any time you are not using the car, without having to be present.

Source	Charging	ENYAQ IV 60	ENYAQ IV 80 & 80X	Cable
Home socket	Charging power Charging time (0-100%)	Max 2.3 kW 29 hours	Max 2.3 kW 39 hours	Mode 2
Wallbox (3-phase)	Charging power Charging time (0-100%)	Max 11 kW 6 hours 15 mins	Max 11 kW 7 hours 30 mins	Mode 3
Wallbox (1-phase)	Charging power Charging time (0-100%)	Max 7.2 kW 9 hours 30 mins	Max 7.2 kW 13 hours	Mode 3
DC charger	Charging power Charging time (5-80%)	Max 50 kW 55 mins	Max 50 kW 70 mins	Mode 4 – part of charging station
DC fast charger	Charging power Charging time (5-80%)	Max 100 kW 35 mins	Max 125 kW 38 mins	Mode 4 – part of charging station

* All charge times are average and can vary depending on certain conditions, such as temperature and power supply available.

ENYAQ IV: TYRE & MAINTENANCE PLAN

The new ŠKODA ENYAQ IV uses the latest materials and technologies that requires expert skills and knowledge when it comes to maintenance and care. For your convenience we have compiled a Tyre & Maintenance Plan as part of the vehicle delivery charge to provide up to 39% savings when compared to purchasing the services and components separately. See below for what is included in the ENYAQ IV Tyre & Maintenance Plan.

3 Pin Home Charging Cable

Is essential when charging away from home or when public charging points cannot be accessed.

Routine Inspection 1 & 2

comprises of Electronic Health Checks to ensure your vehicle is free from faults and functioning correctly.

Service Interval Maintenance

High voltage component checks, Brake Fluid Change, Pollen Filter Replacement and a Coolant refill are the main tasks carried out by technicians during this service.

4 Low Rolling Resistance Tyres

provide better battery range and low cabin noise levels. They are likely to be the most expensive operating cost you will experience during the lifetime of the vehicle.

Brake Pads may require replacement during the Service Interval or if the vehicle signals the driver on the infotainment display.

Wiper Blades ensure maximum visibility and safety. A set of wiper blades is included in the Tyre & Maintenance Plan.

Tyre and Maintenance Plan Summary: Replacement Tyres - As required €1,240, Mode 2 Charging Cable for backup/domestic charging (supplied at delivery) -€274, Inspection 1 & 2 - Electronic Vehicle Health Check, Functionality and Fault Assessment -€70, Routine Service Maintenance - High Voltage Component Check, Running Gear Assessment, High Voltage Battery Status, Brake Fluid Change, Pollen Filter Replacement, Top-up Cooling System Levels- €209, Brake Pad Replacement - As required-€175, Wiper Blade Replacement - As required -€96. Total value if purchased separately €2,064. As part of Tyre and Maintenance Plan €1,250 (saving of 39%). Price based on component recommended retail price and average dealer labour rates. Tyre prices are based on 21" Self Sealing Technology. Please discuss your Tyre & Maintenance Plan requirements with your local ŠKODA Dealer.
